BRAINSTEM LEARNING CANADA NEWSLETTER

March 2026

SPRING WORKSHOPS/ PRO- D DAY CAMPS / SPRING CAMPS / SUMMER DAY CAMPS SCHEDULED & REGISTRATION OPEN

**BrainSTEM Learning Canada: Unleash Your
Child's Creativity and future career in
Engineering!**

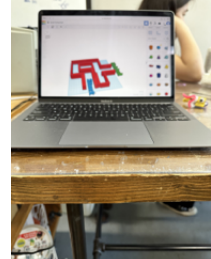

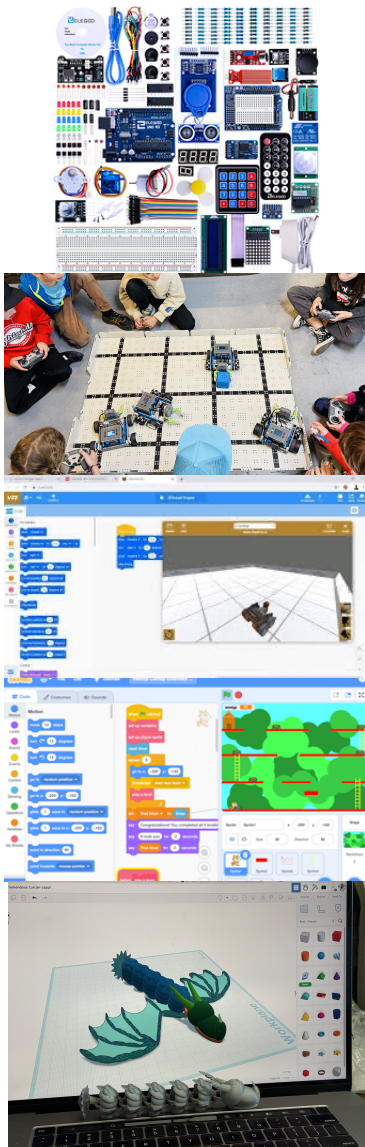

STEM with BrainSTEM (Grades K-1 Little
Brains & Specialists GR. 2-6)

Day/Time: M-F 3:45 or 5:15 & Sat. 10:30am

Location: BrainSTEM Learning STEM School, Class 1
or 2, 730 Marine Dr.

Dates: (9-12 weeks, March 30-June 26), No classes:
April 3, 6, May 4 Prod day, 18, June 5 Prod day, Co-Ed,
Student: min. 5; max. 12 students

Cost: 1hr. \$33.33+GST; 1.5 hr \$50+GST, (10% discount with Punch card or membership)
(Included: Materials, Instruction)

Register Here (Login to account or "Sign Up"): [BrainSTEM](https://www.brainstemlearning.ca/programs/workshops-littlebrains)

Program Information: Hands-on STEM programs. Why settle for just one type of engineering when you can try them all? At BrainSTEM Learning Canada, you'll explore **aerospace, chemical, civil, electrical, mechanical, environmental, Marine, Robotics, Stop motion animation, and Software (Scratch Jr., Code.org, Scratch, Arduino, Python, 3d Design: Tinkercad, Fusion 360) engineering** through hands-on projects. From building bridges to designing rockets, this course lets you test out multiple engineering disciplines to see which one sparks your passion. Ready to become the ultimate engineer?

Learn from a dedicated team of engineers and educators. Our classes inspire creativity, boost confidence, and enhance problem-solving skills, allowing your kids to explore a world of possibilities!

Thank you / Merci for your support: Ecole Cousteau, Canyon Heights Elementary for hosting BrainSTEM Learning at your schools with our after school engineering classes.

If you want BrainSTEM Learning Canada to come to your school, please let your PAC's know and we look forward to teaching after school engineering at your school. Scheduling Fall / Winter / Spring after school workshops.

BrainSTEM Learning Canada 2025 Camp Childcare Tax Receipts Available

Did you know that while BrainSTEM Learning Canada camps are educational, they also are eligible as Childcare tax credits [Canada.ca Line 21400 – Child care expenses](https://Canada.ca/Line-21400-Child-care-expenses). Use form T778 to calculate Expense deductions. Children up to age 16 are eligible to receive childcare tax credit. If your student attended BrainSTEM Camps: Prod day, Spring, Summer, or Winter camps in 2025 either log into your primary account clicking the tax receipt button along the account header or email Sarah.baldwin@brainstemlearning.ca to print and include in your 2025 "tax receipt," in your 2025 tax return. (Classes must be more than 2 hours to be eligible and Workshops or parties are not eligible). Register for 2026 camps and 2026 Childcare tax receipts available in 2027.

Thank you for your continued support of BrainSTEM Learning Canada! We truly appreciate you being a part of our journey and helping us reach this significant milestone. We couldn't have made it to our 10th anniversary without dedicated supporters like you.

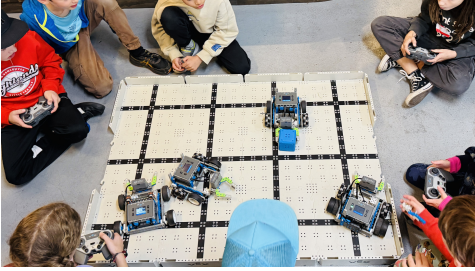

We're incredibly excited to invite you to celebrate BrainSTEM Learning Canada's 10th Anniversary with us! We hope you'll be able to join us as we mark a decade of learning and innovation.

Engineers apply Science, Technology, Engineering, and Math (STEM) to design, build, test, and refine their innovations, enhancing the lives of families, communities, cities, provinces, countries, and the world.

At BrainSTEM Learning Canada's Camps, Workshops, and Special Events, children learn the Engineering Design Process, tackling real challenges and reviewing key concepts. This hands-on approach not only teaches problem-solving skills but also fosters confidence through decision-making. By creating technology, students contribute to societal advancement and improve our daily lives.

Why make a BrainSTEM Learning Canada Birthday Party?

BrainSTEM Learning Canada offers great options for your child's

birthday parties, where the kids not only have a lot of fun and they will learn about STEM (Science, Technology, Engineering and Math). In the activities they always use their creativity, their curiosity, and learning concepts to face amusing challenges. Using team work, the engineering design process, and having fun building, testing and improving their projects is a way to reinforce the class principles.

There are a lot of options how to celebrate birthday's parties, and we are the only one that offers Engineering concepts for children to create a mindset for developing their creativity while learning STEM concepts. Usually kids dislike math, physics or engineering theory but they will love to use of these principles to solve problems, or to improve the human lives designing, building, testing and improving their creations. They will find a use for math and physics, challenging their partners or challenging themselves.

We offer a basic package according to your needs and we can design customized programs to your needs.

Included: The first three birthdays to book will receive a Photography package including 5-10 professionally edited digital photographs.

MEMBERSHIP PUNCH CARDS 10% off Regular Classes

10% off

Punch Cards for classes at BrainSTEM Learning Canada School Facility, 730 Marine Dr., North Vancouver

Workshop punch cards (GST applicable) or Camp Punch Cards

(GST Exempt & Childcare tax receipt applicable).

After School account set up: online purchase of membership "buy membership." Then online registration through student account "schedule" with "\$0 membership fee" in events.

Online Punch card purchase and registration @
brainstemlearningcanada.perfectmind.com

Never miss another class: punches used by attendance: they remain on the account for use at the later time. If you are away or are unable to attend a class, then you may reschedule for a future date.

PROFESSIONAL DEVELOPMENT DAY CAMP

BrainSTEM Learning® wants your kids to have fun and enjoy their Professional Development days using science, technology, engineering and math (STEM) in a creative and fun way. Our Professional Development day camp are geared towards 4-6 year-olds and 7-14 year-olds. They are run throughout the course of school year either in the morning or afternoon or add lunch to both for full day camps.

There are a lot of ways to spend your school vacation, and there are a few opportunities like our programs that give your kids so much joy and excitement while they learn. We use applied learning and they will love to use these principles to solve problems, or to improve life designing, building, testing and improving their creations. They will find a use for math and physics, challenging their partners and themselves.

Double check your school calendar as some are school based and some are scheduled for the entire district.

**Coming up:
District wide: May 4th,
School based: June 5th**

If your school is having one on another day not currently schedule, please contact us so we may be able to schedule it for your school based pro-d day.

As well as being educational, Camps are GST exempt and Childcare tax receipt available.
